

ANTIOCH TO LOOP COACH SERVICE IS ANNOUNCED

GIRLS HOLD FIRST ANNUAL BANQUET IN HIGH SCHOOL

New Athletic Group Hears Talk By Miss Miller And Students.

HAVE DANCE, TOO

That the modern girl recognizes the normal development of the body as well as the mind, is the belief expressed last night by Miss Leona Miller at a banquet attended by members of the Girls' Athletic association of Antioch High school and their guests. Miss Miller is head of girls' athletics at the high school. The banquet was to be an annual affair.

"The modern girl," Miss Miller stated, "wants her body to be strong and well-developed, while at the same time she seeks beauty and grace. She is aware that she can acquire these attributes through a wholesome and vigorous participation in physical activities. For this reason we have established the Girls' Athletic association."

"The modern girl must play. She must have her sport hobbies. She is a participator, not only a spectator. We are living in a period of action. We all want to be doers. It is an historical fact that when a nation becomes indolent that it becomes a nation of spectators, and such a nation declines."

Women Should Be Fans

"Many modern educators look askance and with some fear at the throngs who crowd stadiums and gymnasiums, because it is feared that we will become a nation of spectators. One should approve of ardent admirers of sports—fans—if they are not excessive in their enthusiasm. It is to be regretted that there are so many women who lack the necessary knowledge to make them 'fans' in various sports."

"As young girls, it is not only necessary to keep physically fit now, (Continued on page eight)

ROSLING IS CHOSEN TO SERVE ON FOUR COUNTY COMMITTEES

Heads Swamp Land Committee; Also Named On Road and Bridge.

Supervisor William A. Rosling will serve on four county committees, it was learned yesterday following a meeting at Waukegan when County Chairman James O'Connor, Deerfield, virtually completed his selection of standing committees for the year.

The most important committee on which Supervisor Rosling will serve is the Road and Bridge committee, of which Frank Stanton, Grant, is chairman. Mr. Rosling was also named to serve on the Swamp Lands committee as chairman, and as a member of the Miscellaneous Claims and License and Farmer's Institute committees.

The board of Supervisors will meet Monday when Chairman O'Connor is expected to announce the complete list of standing committees.

ASK CO-OPERATION

"Clean Up Week" is being stressed by fifth grade pupils of Antioch under the direction of Miss Ius Royal, teacher. The week comprises the period from April 30 to May 4. Pupils are writing compositions, the best of which are to be printed next week. The children are asking the co-operation of the townspeople in helping to clean up the community.

ASK DISMISSAL

Springfield, April 25—The special subcommittee which investigated the election contest claims filed by Thomas Bolger, McHenry, against Representatives Lee McDonough and Richard J. Lyons, filed its report recommending dismissal of the suit with the elections contest committee of the House of Representatives yesterday.

LIKES THE LAKE COUNTRY

H. P. Savage, who is instrumental in obtaining motor coach service for Chain O'Lakes, is an outdoor fan himself. As president of the North Park Commissioners of Chicago he is very much interested in recreation and sport.

ANTIOCH BOYS SING AT FAIR SATURDAY IN GURNEE SCHOOL

Seven Hundred Attend Program; Exhibits Made By Pupils.

Bad weather of Saturday did not deter pupils, teachers, and parents from attending the school fair in the Gurnee High school. There were 700 in attendance.

The early part of the morning was spent looking over the exhibits of which there were about 70 prepared and brought in by the schools. The morning program started at 10 o'clock in the auditorium which was crowded to much more than seating capacity.

The first number was a Puppet Show put on by the children of the Wadsworth school under the direction of Miss Rose Thorson. The children did the mechanical and speaking parts exceedingly well, all gave evidence of careful and extensive training; they had made the stage, the puppets, and all the paraphernalia of the show.

Rhythmic Band Performs

The Millburn school directed by Miss Madalyn Sheehan gave a health playlet which included speaking parts as well as singing and marching drills. The players in their makeups amused the audience and pleased all.

A rhythmic band from the Gavin school was directed by J. L. Miller and Miss Lenore Baker and Miss Clara Kraus. These were pupils from the primary and intermediate grades and their performance indicated that there had been careful training by the teachers and application by the pupils. Some excellent dancing was done by some of the older pupils of (Continued on page eight)

TRIP TO CHICAGO IS TO BE TAKEN BY H. S. PUPILS

Places of interest in Chicago will be visited by the students and faculty of the Antioch High school and parents of the students who take advantage of the excursion trip offered by the Soo Line railroad for May 17. The train leaves Antioch at 6:45 in the morning and arrives here 12 hours later.

The field museum, Lincoln Park zoo, the hatcheries, the navy pier, Marshall Field's and the soldiers' field are among the places to be visited.

HOUSES TO BOAST SHINY NUMERALS IN SHORT TIME

Numbers for houses in Antioch have been ordered by the village, the numbering keys have been completed by the Civics department of the Antioch High school, and within a few days it is expected that students will start tacking the numbers on the houses.

FORMER LEGION HEAD BOOSTS CHAIN O' LAKES

H. P. Savage Arranges to Give Region Better Transportation

Howard P. Savage, former national commander of the American Legion and now head of the Marigold Motor Coach Lines, expressed his enthusiasm for the Chain O' Lakes advertising program yesterday in Chicago by stating that the new advertising folder is the best thing in regional advertising that he had ever seen. "We feel so strongly that this advertising is going to bring a lot of people to this wonderful outing playground of yours that we are going to inaugurate at the start of the summer season a direct deluxe, motor coach service from the Loop to Antioch, Fox Lake and Lake Villa. This run will be called the Chain O' Lakes Route and the coaches will come up Route 21 right into the center of things," Savage stated.

Transportation Problem Solved

Exact details of the schedule are being worked out by the Metropolitan Motor Coach company, operators of the Marigold Lines, at the present time and a full announcement of service, schedules and tariff, will be made on May 15. As far as could be learned, parlor coaches will run direct from the Loop on a low fare basis to Antioch, Lake Villa, and Fox Lake, the end of the run terminating at Powers Lake and Twin Lakes, Wisconsin.

With the inauguration of the direct service it seems that the transportation problem in the Chain O' Lakes vacation land is near solution. Fox Lake and Ingleside have excellent direct transportation to the city via the St. Paul road, also Marigold Coach Lines operating in connection with the North Shore Line at Libertyville and Waukegan, and with the (Continued on back page)

ST. PETER'S CHURCH BUILDING FUND GROWS AS RESULT OF FAIR

Eight Hundred Attend The Dance and Dinner at Palace Monday.

Eleven hundred dollars have been added to the St. Peter's church building fund as a result of a dance, dinner, and general fair given by the church members in the Antioch Palace Monday night. More than 800 persons attended.

The serving of the dinner had started as early as 6 o'clock. Dancing continued until 12:30. The dinner was served under the direct supervision of Mrs. John Pacini and there was a large variety of foods from which to select. Mrs. Pacini was assisted by the women of the church. Father Daniel Frawley in commenting on the success of the affair said that the success was largely due to the interest taken by the church women.

Dance music was furnished by Whittle's orchestra.

DAYLIGHT SAVING WILL NOT INVADE ANTIOCH VILLAGE

Although all cities and villages on the North Shore from Chicago to the state line will adopt daylight saving time at two o'clock next Sunday morning, Antioch will keep to standard time.

While the cities on the north shore are operating in accordance with daylight saving time, several villages in the inner sections of the county will operate either on standard time officially or will operate partially on daylight saving time without official action of the council.

Antioch Harbors Gangsters, Maybe, But Suspicions Prove All Wet

Sweet mysteries! Wild goose chases! Great expectations! All of which mean nothing. List to this tale—a tale which MIGHT have been good for the best detective magazine in the wild city of Chicago, but which in truth simply doesn't rate for fiction. But this is a newspaper giving facts.

Wet and rainy was the day. Yesterday. Cloudy was the afternoon. One of those afternoons when one's mind dwells on the morbidities of life. Anyway, in a local drug store walked three men—big men and little men. They asked the proprietor and clerks if there had been any calls for police over a Chicago radio station. Aha! Shudders, quivers, and shakes! Perhaps—could it be? Could these men be—oh! could they be bold, bad bandits who were running away after committing a crime? The men talked of doctors. Perhaps some one was shot. The strangers left. They ambled over to the OTH-ER drug store. There they talked of doctors. More mysteries. Phone calls later revealed that no doctors in Antioch had been visited. The men started toward Grayslake. Why not call a physician there? Constable Anderson was notified. Suspicions were aroused. Surely, the thing to do was to call the detective bureau in Chicago. Operator! Central! Make haste! Aha! The detective bureau officials KNEW something was stirring. Baffling clues to be unraveled. Chicago paper gets hold of the story. Reporter rushes out from Highland Park in less than hour. Notebook and pencil itching to carry a story. Grayslake doctor refuses to talk as men are in the office. Hours pass. Still no word explains why the men were at the doctor's—If the patient was shot and killed, stabbed and not killed, or merely slightly injured. Officer from the sheriff's office strikes Antioch. Then the bottom drops out of the world. The three men at the doctor's were merely representatives of a collecting agency (damnable organizations!) and they were getting lists of old accounts on doctor's books.

Tired reporter, grouchy constable, amused deputy, disappointed masses. And here ends the tale.

CHILDREN INJURED AT GRADE SCHOOL STILL AT HOME

Two children, Marie Musch and LeRoy Corteville, are not yet able to return to their classes at the Antioch Grade school since the merry-go-round on the playgrounds broke and injured their feet last Thursday. Five other children received minor bruises and scratches.

X-rays have revealed that Marie Musch's foot is fractured, but the extent of the Corteville boy's injuries have not been determined.

A new pole for the merry-go-round had been erected last week and it is believed that the accident was caused from an imperfect pole supporting casting, according to W. C. Petty, principal. The matter has been taken up with the Mitchell Manufacturing company, Milwaukee, and a representative is to be here today.

ON THE HUDSON

Ray Pregenzer again Wins Honor With Oh My IV; Takes Third Place.

Third place was won by the Oh My IV, outboard motor boat owned and steered by Ray Pregenzer, Jr., Antioch, in the Albany to New York racing classic on the Hudson river Saturday afternoon. During the last few seasons, Mr. Pregenzer has won several honors in contests.

A tiny orange cockleshell steered by Jacob Dunnell, Boston, won first place. In the stirring battle for second honors, The Spirit of Atlanta, driven by Julius Herbst, North Carolina, beat Mr. Pregenzer's boat. Mr. Pregenzer lost by eight seconds.

Japan's Prettiest

This is Miss Fujiko Suzuki, twenty years old, who has been chosen as the most beautiful girl in Japan. She won over more than six hundred contestants for the honor. Miss Suzuki is an actress.

WILMOT WILL AGAIN BE SCENE OF FAIR

Officers and Directors Are Chosen; William Luke Is President.

Wilmot again is to be the scene of the West Kenosha County Fair.

This was decided in Wilmot last week at a meeting of the fair board. Since the fair grounds in Kenosha are not yet suitable for use Wilmot was declared the next best place. Discontinuing the fair was scored because of the disappointment to the hundreds of children who work on fair projects each year and to the hundreds of exhibitors.

Opinions Are Voiced

Officers and directors elected for the association are: William Luke, president; R. B. Ihlenfeldt, vice-president; Charles Freeman, secretary; George Dean, treasurer; Russel Jones, George Higgins, John Spartz, and Louis Rhodes, directors for four year terms.

When the motion was made to hold the fair next year, the following persons spoke in favor of the motion: Mr. Corbet, representing the Kenosha Chamber of Commerce; Attorney Drury, Russell Jones, Superintendent R. B. Ihlenfeldt, and County Agent Ryall, all of Kenosha; Superintendent R. B. Ihlenfeldt, and M. M. Schurr, Wilmot; Joe Van Bendagon, Kenosha; William Luke, Wheatland; Charles Freeman, Bassett; Joe Toelle, Munster; Mrs. F. Burroughs, Wilmot; Mrs. Ray Burton and Mrs. Florence Westlake, Camp Lake; and Roy Burton, Silverlake.

COUNTY BANKERS ELECT OFFICERS

Bankers and their wives from all over the county were present Tuesday night at the Presbyterian church in Libertyville at the annual meeting and banquet of the Lake County Federation of Bankers.

Judge Thomas J. Peden, Libertyville, director of the Libertyville Trust and Savings bank, delivered the address of welcome. Judge Claire C. Edwards, Waukegan, director of the First National bank of Waukegan, made the response. The speaker of the evening was Dr. John Scott, professor of Greek at the Northwestern university.

Men from this community elected to office were A. H. Franz, Fox Lake, who was chosen vice-president, and D. T. Manzer, Lake Villa, who was elected treasurer.

W. F. Ziegler, State bank, and S. Boyer Nelson, First National bank, attended from Antioch.

Paper Is Published

Copies of the Lake County Diversified Farmer, a six page leaflet printed in Grayslake are in the mails. The paper contains news stories, short features, and classified ads of interest to farmers in Lake county.

Rampant Waters Break Levee

Lake Villa Highway Is Covered; Basements Are Flooded

Attempts to stem the tide of rising water proved in vain, and heavy rainfall and swamp lands draining into Cedar lake, in the village of Lake Villa, caused the water to rise to unprecedented levels Saturday night and break the levee that protects the road.

After two days of trying to check the water, workmen found it impossible to reinforce the levee and the water broke through a large break that flooded 200 feet of roadway on Grand avenue. The road is still inundated.

The water in the road rose three feet above the concrete and forced the state highway police to barricade the road Saturday and Sunday.

Many motorists, thinking the route safe, plunged into the overflow only to have their motors stalled.

The highway, at the point where it is necessary to bank the lake, is 12 feet lower than the shore level, it is understood. There is an outlet from Cedar lake to Deep lake, which is farther west, but this proved to be too small to carry away the surplus of water.

Basements Flooded
Many basements in that section were flooded but property damage was light. The Brinkman store, however, was almost surrounded by the rise.

State Highway Officer Jack Daley spent hours on Grand avenue warning motorists back after a few cars had become stalled.

More water fell, residents of Lake Villa declare, than has fallen in a two-day period for years.

Rush Sheridan Culvert
Pouring of a cement base for the two 8 by 10 foot tunnels under the new Sheridan road culvert at Zion was started yesterday by the state highway department.

The creek there, that drains 15 square miles of land, rose one inch a minute until it had a depth of seven feet last Saturday night, according to S. C. Wright, state engineer in charge.

KRAHL WILL DELIVER LAST SERMON SUNDAY

Lodges Will Attend Evening Services at Local Church.

In his last sermon to his congregation in Antioch the Rev. A. M. Krahl Sunday morning will speak of Paul taking leave of his friends—the story told in the last chapters of Acts. The service will be started at 10:45 o'clock.

In the evening, Mr. Krahl is to deliver an address when the Odd Fellows and Rebekahs will observe the one hundred and tenth anniversary of the founding of Odd Fellowship. Representatives from all organizations of the Odd Fellows and Rebekahs in Lake county will be present, as well as a large delegation from Kenosha. The meeting is open to the public.

ANTIOCH TO PLAY WAUKEGAN FRIDAY ON LOCAL FIELD

Antioch's High school's baseball nine will play the Waukegan High school team Friday afternoon on the local diamond at 3:30 o'clock.

The schedule for the rest of the year has been announced by Coach Fred Hackett. The games follow: Waukegan, here, May 3; Waukegan, Leyden, here, May 8; Waukegan, there, May 17; Arlington, here, May 17; Arlington, there, May 22; Leyden, there, May 25; and Elia, there, June 1.

Household
Hints**SALAD COMBINATIONS
ARE NOURISHING—
APPETIZING, TOO**

IN ORDER to be most beneficial and appetizing, salads must be carefully planned to include the proper combinations of foods. The principal salad groups are fruit, vegetable, meat and fish.

The combinations suggested here have been tested and are both appetizing and healthful. They should help to solve your problem of the right salad for the right occasion.

1. Lettuce with any fruit, vegetable, meat or fish.
2. Meat or fish, celery, onion and green pepper.
3. Cabbage with celery, green peppers and raw carrots.
4. Cabbage with nuts, celery and apple.
5. Pineapple, cream cheese, Maraschino cherries.
6. Grapefruit, dates, nuts and marshmallows.
7. White or tokay grapes, celery and pecans.
8. Cooked spinach and hard boiled eggs.
9. Orange or apples with Bermuda onion.
10. Flaked fish with celery and hard boiled egg.
11. Apples and nuts, raisins or dates.
12. Tomato, celery and cucumber.
13. Bananas and cherries, stuffed with nuts.
14. Watercress or Romaine with any fruit.

**Bright Touches Give
Lovliness to Rooms;
Summery Atmosphere
Inside and On Piazza**

IT IS time for the house, too, to take off its "woolens." Upholstered furniture and heavy dark draperies made rooms seem warm and cozy in winter, but summer days will soon make these same rooms seem uncomfortably hot. There are, however, easy ways of changing the appearance of things for summer.

If the dark furniture is covered with gay, cool-looking slip covers and the heavy draperies are taken down leaving thin glass curtains, these rooms quickly become more inviting and summery. And these slip covers have an added advantage, according to Miss Laura Holmes, of the home

Long Scarfs in Vogue

Long scarfs are a fashion note for the summer season. This model wears a four-yard strip of yellow and orange batik material worn with care, less chic about her shoulders. A yellow jersey and white flannel skirt create an effective background for this voluminous scarf.

economics department at the Wisconsin College of Agriculture. They protect the furniture against summer dust.

Miss Holmes has also found that crisp materials like glazed chintz are even better than softer materials, even though these soft materials are light in color, for chintz not only looks, but also feels cool.

A little paint on drab furniture is another way of freshening up the house for summer. Miss Holmes especially recommends using paint generously on weatherbeaten porch furniture. It is so easy to paint this furniture and make it look new that it is more than worth the time it takes, she feels.

Getting the house ready for summer also helps cut down on the work of caring for it, Miss Holmes says. In summer when rooms should look as large and airy as possible, many of the "extras" that add a homey touch in winter can be taken out, and this reduces the number of things that must be dusted and cared for each day.

**Bed Time
Tales**ALL ABOUT WHAT THE
LITTLE CHILDREN ARE
DOING IN ANIMAL WORLD

BY V. LUDEL BODEN

"Why, Billy Rabbit, what on earth is wrong with your face?" Billy's mother asked as Billy came down to breakfast the other morning.

"It's all funny," Billy said. "OUCH! My cheeks hurt when I talk and I don't believe I will want any breakfast."

"Do you have the toothache?" Mrs. Rabbit asked.

"No, but I think I have the face ache," Billy Rabbit said, "and oooo! pains are shooting clear up to my ears."

"I think I know what is wrong with you, all right," Mrs. Rabbit said. "We shall see." Mrs. Rabbit went out to the kitchen and came in with a big sour pickle.

"Taste this, dear," she said to her little Billy boy. Billy took a bite. That is, he tried to take a bite.

"Ouch! Help! OOOOOHHHHH!" he shouted jumping up and down on one foot. "OOOOHHHHH!"

"You have the mumps," Mrs. Rabbit said when she saw how very, very impossible it was for her little boy to eat a sour pickle. You see, boys and girls, when one has the mumps one can't eat anything that is sour. In fact, one can't eat anything much—but it hurts worse to eat sour things than it does to eat other foods. You see what I mean don't you? If you don't, ask your mamas or your daddies. They will know, for mothers and daddies know about everything and daddies know, don't they? Well, there is to know, don't they? Well, anyway, Mrs. Rabbit told Billy to go back to bed and she would call the doctor. Of course, Billy said he

didn't want the doctor to come, but Mrs. Rabbit called Dr. Pupples, which is just the thing she should have done, of course.

When Dr. Pupples looked at Billy he laughed and said:

"You certainly are a beautiful looking little Rabbit boy with your cheeks swollen great, great big." And Dr. Pupples, who is very, very fat, laughed and laughed some more until he shook all over just like a dish of jelly does. Then Dr. Pupples tied a bandage around Billy's head and told him to be a good boy and not to cry, and he promised that when the little Rabbit boy could eat again, he would bring him some nice peppermint candies.

Billy hated to think of missing school, so Mrs. Rabbit asked the teacher if she would bring Billy's lessons to him each night, and the teacher, Miss Kittle, said she would be glad to help. But guess what! Oh, you couldn't guess so I will have to tell you. When Miss Kittle went to school there were very, very few boys and girls there. And do you know what? Almost all of the children were home—and had the mumps. So Billy and the children are all home, there isn't any school going on until next week, and none of the children have to study their lessons. Everyone is having a vacation, but that's not the nice kind of vacation to have, is it, boys and girls?

**Try These Tasty
Salads—They're
Delicious**

Cherry Nut Salad

- 1 cup white cherries
 - 1 cup red cherries
 - ½ cup chopped celery
 - ½ cup English walnuts
 - ½ cup pecan meats
 - 1 cup mayonnaise
- Arrange lettuce on salad plates. Mix cherries and celery. Place on lettuce and sprinkle nuts over top. Add portions of mayonnaise and serve cold. Serves six.

Stuffed Tomato Salad

- 6 medium size, firm tomatoes
- 1 cup chopped cooked veal
- 2 level tablespoons chopped green pepper
- 2 level tablespoons chopped pickles
- Level tablespoon salt
- ¼ teaspoon paprika
- 1 cup mayonnaise

Cut slice from tops of tomatoes, carefully remove pulp and fill with mixture of above ingredients. Place portions of mayonnaise on top of each tomato, garnish with sprig of parsley and serve on crisp leaves. Six portions.

Apple and Celery Salad

- 1½ cups peeled diced apples
 - 1 cup chopped celery
 - ½ cup chopped dates
 - ½ cup broken salted peanuts
 - ½ cup mayonnaise
- Mix ingredients and serve very cold on crisp lettuce leaves. Will serve six.

Stuffed Egg Salad

- 6 hard cooked eggs
- ¼ cupful minced ham
- 6 stuffed olives

Lettuce
Mayonnaise
After shelling the eggs, cut lengthwise and remove yolk from white. Mix the yolk with the minced ham and sufficient mayonnaise to moisten. Refill whites with this mixture and place two halves on a nest of lettuce. Place slices of olives on top.

Birthday Salad

- 6 slices pineapple
 - 3 bananas
 - ½ cup mayonnaise
- Arrange lettuce leaves on salad plates. Place slice of pineapple on each serving. Insert half a banana upright to represent candle. Top with red cherry and place mayonnaise on side of banana to represent dripping candle grease. If desired, handles may be represented with strips of green pepper. Nice for children's parties and will serve six.

Tomato-Pineapple Salad

- 6 slices pineapple
- 6 slices firm, ripe tomato
- Level teaspoon salt
- ¼ teaspoon paprika
- ½ cup mayonnaise
- 3 tablespoons finely chopped fresh mint

Arrange slices of pineapple on beds of crisp lettuce. Place slices of tomato on top of pineapple. Sprinkle

**Cakes Sure 'Nuf
Need Attention!**

An earthen basin is best for beating eggs or cake mixture. Cake should be beaten with a wooden spoon. It is well in making cake to beat the butter and powdered sugar to a light cream. In common cakes, when only a few eggs are used, beat them until

salt and paprika on top. Place portions of mayonnaise on tomatoes and sprinkle chopped mint on mayonnaise. Serve very cold.

Tomato Stuffed With Cabbage

- 4 firm, medium-size tomatoes
 - 1½ cups chopped cabbage
 - 1 tablespoon finely chopped onion
 - 1 tablespoon chopped green pepper
 - 1 tablespoon salt
 - ¼ teaspoon celery salt
 - ¼ teaspoon celery salt
 - ¼ teaspoon paprika
 - ½ cup mayonnaise
- Peel tomatoes, cut slice from top and carefully remove pulp. Mix above ingredients and fill tomato cases. Place on lettuce leaves and place portions of mayonnaise on top. Serve very cold. Four portions.

Dividend Notice

THE BOARD OF DIRECTORS of Public Service Company of Northern Illinois has declared the regular quarterly dividend of \$1.50 per share on the Company's 6% Preferred Stock, \$1.75 per share on the 7% Preferred Stock, and \$2.00 per share on the Common Stock, payable May 1, 1929, to stockholders of record, at the close of business, April 15, 1929.

A. E. PATTON, Secretary

**PUBLIC SERVICE COMPANY
OF NORTHERN ILLINOIS**Serving 6,000 square miles—304 cities, towns
and communities—with Gas and Electricity**To the man
who thinks
all motor oils are alike**

TWO PAIRS of shoes may look alike, fit equally well, and sell for the same price. But that's no sign they are alike.

Two kinds of oil may seem as much alike as twins. Yet vital differences in character appear at once when you check them point by point for—

**the 4 essentials of
complete and
proper lubrication**

1. LOW CARBON CONTENT
2. NON-FOULING CARBON
3. IDEAL BODY AT ALL OPERATING TEMPERATURES
4. LOW POUR POINT

Thousands of automobile owners have found that one oil—Shell Motor Oil—meets these four requirements in every way.

Many otherwise good lubricants produce excessive carbon of a hard, flinty nature. The little carbon which forms in an engine lubricated by Shell, is soft, fluffy—the kind that does not cling to motor

parts but actually blows out with the exhaust gases.

Regular users of Shell Motor Oil report a marked reduction in carbon removal jobs... They enjoy freedom from power losses due to carbon accumulations, "frozen" piston rings and pitted valves.

And because Shell Motor Oil has ideal body at all operating temperatures, users find it as safe at sixty miles an hour as at twenty. Shell won't break down.

With body and stamina, Shell provides a low pour point to insure easy starting in cold weather. Motorists who depend on Shell don't have to risk changing to a lighter-bodied oil in winter.

Shell Motor Oil is today's outstanding development in the science of automobile lubrication. Shell crude comes from hand-picked wells. Refined by the new and exclusive Shell-developed, low-temperature process. Never scorched, never weakened by the heat of ordinary refining practice. Tested 259 times to certify the unvarying quality of every quart.

Make any test of that quality you want. Put Shell Motor Oil over the road in the hardest kind of service. Shell best proves itself by performance... thrives on comparison.

**Stop at the Sign
of the Shell**

And let the Shell Lubrication Chart be your guide. You'll find courteous attendants at the familiar yellow and red service stations. Convenient everywhere.

Have you tried 400 "Extra Dry" Shell Gasoline? Starts quick. Burns clean. And ought to cost more, but doesn't.

SWEETNESS OF CORN LOST IF HARVESTING IS DELAYED AT ALL

Expert Says Few Persons
Taste Grain at Its Best
Stage.

Urbana, April 25—Relatively few persons have ever tasted sweet corn at its best, despite the fact that this is one of the most popular vegetables, according to Lee A. Somers, of the horticulture department, College of Agriculture, University of Illinois. To be at its best, sweet corn must be harvested at just the right degree of maturity and that period extends over only one or two days, he explained. Furthermore, just as soon as the corn is harvested a drapoid chemical reaction sets in with the result that corn harvested more than 24 hours has lost most of its sweetness.

May Plant Weekly

"The home gardener can, by careful planning, provide his table with the highest quality sweet corn from mid-July until the fall frosts. There are two ways in which he may do this. He may take any variety of which he is particularly fond and make weekly plantings of small blocks of this variety. In central Illinois the first plantings will be made about May 1 to 5 and generally the last planting about July 10 to 15.

"The second and perhaps best way for the home gardener to have high quality sweet corn is through the careful choice of three or four varieties which, if planted at the same time, will mature their crops in close succession. If the gardener prefers yellow varieties, he may take Golden Sunshine, a 65- to 70-day corn; Golden Bantam, a 72- to 76-day corn, and Whipples' Early Yellow, which is an 80- to 84-day corn.

May Plant White

"If these three varieties are planted May 5 to 10 they will provide successive harvests from July 10 or 15 to mid-August. Other plantings of these varieties may be made about June 5 to 10 and July 5 to 10 to provide a continuous supply until mid-October, which is the usual season of early fall frosts.

"If white varieties are preferred, the gardener may use the Mammoth White Cory, Howling Mob and Stowell's Evergreen, all of which are of good quality and 70-day, 75-day and 85-day varieties, respectively.

"A long single row of corn should be avoided in making small plantings. Each variety should be planted in a small block to make sure of complete pollination."

LAKE VILLA

Mr. and Mrs. James Atwell were in Maywood several days recently and visited the Glessner families there.

Mrs. Theodore Sorenson, who is in the Lake County General hospital recovering from an operation, is doing nicely and expects to be home next week.

The East Fox Lake Cemetery society will hold its quarterly meeting at the Mohaville school house Wednesday evening, May 1, at 8 o'clock.

John Philippi and family are now nicely settled in their new home on Cedar avenue and Mr. Philippi is adding a garage to his property.

Mrs. Graham and children have been ill, but are all improving.

Edwin Wegner, who has a home in Lake, was found dead in his bed early last Friday morning at his home in Chicago. Mr. Wegner was well and very favorably known in the village.

Mrs. Wegner is a sister of Mrs. William Weber, Sr. The Weber families attended the funeral early in the week.

Mr. and Mrs. Hendricks, Ingleside, called on Mrs. S. M. Sherwood Sunday.

J. O. Johnson has gone to Minneapolis where he has a position on the railroad.

Plan to attend church next Sunday at 11 o'clock and again at 7:30 in the evening. All services are interesting.

The Rev. and Mrs. W. L. Manny, Pawpaw, are announcing the birth of James William Manny on April 16. The Rev. Manny was pastor here four years ago and later moved to Pawpaw.

Mrs. B. J. Hooper and daughters spent Sunday and Monday with relatives in Chicago.

Mrs. J. A. Pederson entertained Chicago relatives early last week for a few days.

Mrs. Frank Wood was hostess to her Bridge club at her home Thursday afternoon.

Mrs. Moran, Chicago, is a guest of her son, Charles Dahlmann, at the parsonage this week.

William Schwenk, Gard, Indiana, was a guest at the C. B. Hamlin home over Sunday.

The fixtures for the bathroom at the parsonage have been installed and the room is nearly done, which makes a great improvement.

The heavy rains last Friday and Saturday raised Cedar Lake and the dam broke, flooding quite a large area. The road leading west out of town was closed to traffic ex-

Freshmen Win Girls' Field Meet At Local School; Gertrude Hughes Enters Three Races--Wins All

Entering three contests in the girls' field meet at the Antioch High school Thursday afternoon, Gertrude Hughes won three first places. Her record for the broad jump was 14 feet and five inches—a record considered unusually high for a high school student. She also won first place in the baseball throw, throwing a distance of 95 feet and 11 inches, and in the 220 yard dash.

Miss Hughes is a freshman and helped win first place for her class in the field meet. The freshmen girls had a total of 26 points; the juniors 23 points; the sophomores 16 points, and the seniors seven points.

Juniors Win Relay

Results of the meet follow: baseball throw—Gertrude Hughes, 95 feet and 11 inches; Frances Dougwell, 36 feet and 11 inches; Elizabeth Gaston, 79 feet.

Basketball throw—Margaret McCormack, 59 feet and eight inches; Christine Ullmann, 55 feet and six inches; and Elizabeth Hughes, 50 feet.

Fifty yard dash—Dorothy Hughes, first; Lena Nelson, second, and Ruth Perry, third.

One hundred yard dash—Dorothy Hughes, first; Ruth Nixon, second, and Elsie Dunford, third.

Two-hundred yard dash—Gertrude

Hughes first; Ruth Nixon, second, and Esther Anderson, third.

The Junior team won the relay race. The team was composed of Dorothy Hughes, Elizabeth Hughes, Lena Nelson, and Leona Hennings.

Running broad jump—Gertrude Hughes, 14 feet and six inches; Elizabeth Hughes, 12 feet and five inches; and Fanny Westlake, 12 feet and two inches.

High jump—Hazel Tweed, four feet and two inches; Fanny Westlake, four feet, and Christine Ullmann, four feet.

Volley Tournery, Too

Officials for the field meet were: Miss Leona Miller, referee; Gladys Talling, clerk of the course; and Miss Hedvig Rice, chief judge, assisted by students.

Seniors were champions in the girls' volleyball tournament held last week. The seniors won over the sophomores in the opening tilt, and the freshmen defeated the juniors in the second game. In the finals, three 15-point games were played. The first was won by the freshmen, 15 to 13; the second and third by the seniors with scores of 15 to 12 and 17 to 15, respectively.

Miss Leona Miller is in charge of girls' athletics for Antioch High school.

Bristol Home Talent Contest Reveals Many Plays Showing Merit

The Bristol Township Home Talent contest given by members of the P. T. A. from seven districts was held in the Community hall Thursday night. Five hundred attended. The seating capacity was for about 400, and the hallway, staircase, aisles and even open windows were filled with persons. All the plays were given so well that one not accustomed to the score count would be puzzled to decide which was best. However, the judges from Union Grove decided thus: first, Woodworth school, "Elizabeth's Young Man;" second, Maple Ridge school, "Goose Money;" and third, Bristol State Graded school, "The Old Time Bureau." The South

Bristol school gave a clever playlette entitled "Why We Never Married," which was novel and greatly enjoyed by the audience. The play, entitled "The Country Cousin," which was to have been given this week by Somers talent has been postponed until May 10, owing to the concert by the Glee club from Kenosha. The concert will be given Thursday evening, April 25, in the Community hall.

Miss Florence Selby has accepted a position to do office work in the Eugene Hartnell garage, Salem. She began work Thursday.

Mrs. Nellie Joslyn is assisting Mrs. Charles Selby with duties at the store.

Marion Peterson visited her uncle and aunt, Mr. and Mrs. Harold Ellis, Antioch, over Sunday.

Mr. and Mrs. James Peterson entertained Mr. and Mrs. William Bonn and Mr. and Mrs. Roy Stell Sunday.

SOCIETY and PERSONAL

MRS. CASE HAS PARTY WEDNESDAY AFTERNOON

When Mrs. Leonard Case entertained with two tables of five hundred yesterday afternoon at her home on Victoria street, prizes were awarded to Mrs. James Banks and Mrs. William Thelma. Consolation went to Mrs. Elmer Reutner.

J. B. Richardson and L. E. Sweet, Richmond, were in Antioch today. One of four representatives of Lake County Woodmen's Camp, J. C. James will go to Peoria to attend a state convention next week.

Ray Webb was in Chicago today. S. E. Pollock and several members of the Antioch chapter of the Eastern Star lodge were in Grayslake last night attending a meeting of the Sorosis chapter. Mr. Pollock filled a station. Mrs. William Keulman filled the station of Ruth at the Wilmet lodge last night. Several from here accompanied her.

Mr. and Mrs. Norris E. Proctor, Chetek, formerly residents in this community, have returned to Antioch for an extended stay.

Mrs. Elsie Schroeder, Chicago, has been here during the last week.

Miss Anna Simonsen spent the end of the week in Chicago. She returned Monday.

J. F. Wallerstedt and Mr. Bruckman were in Chicago yesterday.

Mrs. Winship entertained the Ladies' Aid of the Methodist church today.

Mrs. William Gray was hostess to members of St. Ignatius' Ladies Guild Wednesday.

Mrs. George Gaulke was a guest to her sister, Mrs. George Garland, Tuesday.

Steve Pacini, Chicago, was at the home of his parents over the end of the week.

Mrs. Edward Bartlett, Lake Villa, underwent a serious operation in the St. Theresa hospital, Waukegan, yesterday. She is the wife of Mayor-elect George Bartlett's brother and is well known in Antioch, having lived here for several years before going to Lake Villa to make her home.

Good workmanship, plenty of clean towels and a sanitary barber shop is our motto at Burnett's.

The Redskin, May 1 and 2.

LITTLE MEN

By THOMAS ARKLE CLARK
Dean of Men, University of Illinois.

Little, wizened man who takes the insignificant role.

Men have tried in many ways physically to impress their companions. Long tailed coats, high heels, high hats, and high manners have all had their day in an attempt to camouflage a lack of size and to give a false impression of height. I suppose it was some such purpose as this which led to the designing of french heels and silk hats for certainly the first is not comfortable nor the second beautiful.

Many great men have been physically small, and most of them have been sensitive as to their size, and have attempted in one way or another to conceal their physical deficiencies. I imagine Napoleon swaggered. Practically all the pictures I have ever seen of him shows him in dignified, almost pompous isolation. He is alone on St. Helena; he stands at a distance from men of greater stature when he reviews his army. He avoids consciously, I have no doubt, the contrast of men of greater stature. Most little men whom I have known so try to conceal their smallness of stature as to emphasize it. They are conscious of their physical deficiency and by excessive dignity make everyone they meet aware of it.

There was Mills, for instance, scarcely five feet he was. Had he taken his lack of height as a matter of course, or had he admitted to himself that nature had done him a humorous turn in cutting off ten inches or a foot from his normal size, people would have given little consideration to his condition excepting possibly usually to notice it and then at once to forget the fact. But Mills wore high hats and high heels. He would walk into a room with his shoulders thrown back and his chest out as if he were Goliath going out to battle. He always suggested a little bantam rooster ready for a fight. His entrance always created a ripple of laughter, or a knowing smile to spread over the faces of those present. His excess of dignity tended to make him ridiculous rather than to impress people with his importance.

Physical size really counts for much

World's Largest Stones
In the ruins of the famous temple of the sun god, built by the Roman Emperor, Antoninus Pius, at Baalbek, Syria, are the largest stones ever used. Some of the great stone blocks are more than sixty feet long and nearly twenty feet square on the end. The ruins still can be seen a few miles east of the modern city of Beirut.

Sell in Lucky Hours
Certain times of the day are supposed to be unlucky in India, according to the beliefs of certain religious groups. Motor car dealers consequently have to acquaint themselves with the lucky hours of the day and confine their sales efforts to those particular hours.

It's a Real Trip Sometimes
About a year more and the man of sedentary pursuits will be taking a taxi from the parking place to the office.

Cedar Slow Growing Tree
It requires more than a century for a cedar tree to grow large enough to yield a 40 foot telephone pole.

less than small people think, we expect more of a big man than of one undersized. His failure to meet a situation awakens more comment than when an undersized individual fails to come up to the mark. If Goliath had not been so great we should not have given David so much credit for putting an end to him, and David at that time was only a slender, undeveloped boy. If the little man would not assume excessive dignity his under size might be an asset rather than a handicap.

PUPILS TO ENTER CONTEST MAY 4

District and conference contests in shorthand, bookkeeping, and typewriting are to be held by the various high schools in northern Illinois, May 4. The students in the Commercial department of the Antioch High school are being prepared for the contests under the supervision of Miss Gladys Talling. The three representatives from this school have not been chosen. The contest will be held in Palatine.

Poultry Industry Stronger
The poultry industry will win out! Even the cocks themselves are taking on extra strong opponents and giving sound lickings just to prove it.

An example of this is found in the story of the finish fight between a Plymouth Rock rooster and an eagle which occurred near Sarasota, Florida, last month.

An observer of the fight heard a commotion in the barnyard and found there a whirling melee of feathered bodies in desperate conflict. When the fight was over, there remained a dead eagle, measuring six feet, one inch from tip to tip of wings, and a badly injured, but still defiant rooster.

DIPPING INTO SCIENCE

More About Moonshine

The moon "shines" because of the reflection of the sun upon it. However, we can sometimes see the complete circle of the moon even though the face of that body is not directly in the sun's light. This is because the reflection of the sun on the earth is bright enough to make it visible to us.

Lake County Doctors Discuss Tuberculosis In Series of Stories

(Following is one of a series of articles on tuberculosis prepared by Lake county physicians. The articles are published under the direction of the Lake County Tuberculosis association and the Lake County Medical society.—Editor's Note.)

The last 20 years have seen great advances in the treatment of tuberculosis and wonderful achievements in reducing the death rate from the disease.

In the last 10 years, in the city of Chicago, deaths from tuberculosis have decreased 50 per cent. In Framingham, Massachusetts, after seven years of effort, the death rate was cut 65 per cent. A disease in which the death rate can be cut nearly three-quarters in so short a time as seven years, can be wiped out entirely. A constant campaign of education is responsible for the achievements of the past 10 years, and it is to further education of the people that efforts toward eradicating the disease must be directed. Education as to how the disease may be prevented, education, as to the necessity of prompt and thorough treatment, and education as to what thorough and proper treatment is.

Must Observe Rules

Tuberculosis can be prevented, but immunity to the disease depends upon proper attention to the rules of right living and hygiene. To avoid tuberculosis, as to avoid any other disease, the essential is to keep the body in the best possible condition to resist disease. Physicians know that if the body is in absolutely good and healthy condition it is not susceptible to disease. All its powers are in fighting trim to resist the germs and micro-organisms which cause disease. But as these defenses of the body become weakened or over-worked, they lose power of fighting and the body falls prey to the invading army of germs.

To keep the body resistant, then, to tuberculosis or any other disease we must avoid over-exertion, overstrain, over-fatigue, and under-nourishment and we must observe proper rules of exercise, live a great deal out of doors, and give consideration to our home surroundings.

Tuberculosis once contracted is usually curable in the early stages if proper treatment is carried out. There

is no serious disease so curable as tuberculosis if it is treated in time, but only by months of painstaking, conscientious treatment, with the physician in constant charge is this possible.

Whatever the form of tuberculosis, the treatment is essentially the same—proper food, fresh air, lack of worry on the part of the patient and determination on his part to recover.

Need of Treatment

During the last few years the treatment of tuberculosis has been completely revolutionized. We used to believe that a warm dry climate was necessary in the treatment of the disease. We know now that the proper treatment can be taken in Maine or Iowa or Illinois just as well and with just as certain hope of cure as in California, Colorado or Arizona.

The hope of cure in tuberculosis lies with the early recognition and treatment of the disease. The person who is fortunate enough to secure an early diagnosis stands an excellent chance of recovery. There can be no more certain method of guarding against the possibility of tuberculosis than that of the regular physical examination. If the family physician is given the opportunity of making a thorough and careful examination at least once a year, the probability of escaping any serious malady is much greater than the possibility of contracting it.

AMUSEMENTS

Friday afternoon a baseball game is to be played on the local diamond between Antioch High school and Waukegan. The game is called for 3:30 o'clock.

"Redskin" is the picture to be shown at the Antioch theatre Wednesday and Thursday nights, May 1 and 2. The picture is to be sponsored by the senior class of Antioch High school. "Redskin" is a sound and color picture.

"Morgan's Last Raid" with Tim McCoy is announced for the Antioch theatre Saturday night. A movie-tone vaudeville act will be presented also. Sunday and Monday Colleen Moore in "Why Be Good" is scheduled.

Compensation

We read of a dentist who sings at his work. It is a consolation to reflect that a saxophonist cannot do this.

The Redskin, May 1 and 2.

ALPHA SIGMA NU INITIATES SENIOR ANTIOCH WOMAN

Cornelia Roberts, Antioch, a senior at the University of Illinois, is being initiated into Alpha Sigma Nu, the honorary Physical Education fraternity, which requires an average of four points or better for four years' work, and grades of A or B in all physical education courses. It is also required that students making this fraternity be a member of four first teams. Miss Roberts is one of four girls being initiated into the fraternity this year.

Miss Roberts is also a charter member and vice-president of Phi Eta Sigma, the latin honorary which was founded last year.

TRAMBLE AND BURKE WILL STAGE WINDUP BOUT FRIDAY NIGHT

Mandell Boys Are To Put Up Opposition on Palace Card

Looks good, so it does—that Antioch Palace fight card for Friday of this week. Sammy Mandell's boys are coming to offer opposition in six of the seven fights. The windup bout, however, is not featured by a Mandell product, but just read who's going to fight: Ray Trumble and Eddie Burke, A. A. U. champ and Eddie Burke, A. A. U. champ of 1928.

Other fights on the card follow: Lou Bruckman vs. Fred Lang, 142 pounds; Billie Harris vs. Bobbie Juhrend, 126 pounds; Jack Carona vs. Oscar O'Hannon, 110 pounds; Boyd Stranacker vs. Angelo Garlow, 155 pounds; Kid Bruno vs. Don Conn, 116 pounds; and Chet Ferguson vs. Carl Ogren, 142 pounds.

To Repeat Card

The fights last week were easily the best of the season. Every man slated to appear was on hand with the exception of Fred Lang, Kenosha, whose place was taken by Ernie Crochelle, Racine. The entire card will be the card at the Palace in three weeks.

In the final bout last Friday Roosevelt Haines, Negro Golden Gloves champion, was defeated by Frankie Hughes, Kenosha. Both men fought their best. Neither had an easy time for a minute. Hughes' great offensive won the battle for him. When Hughes opened rapid fire in the second round, Haines was cornered several times. The Negro youth fought desperately—but so did Frankie, and the latter was given the decision.

Beyers This Time

Although Buddy Beyers lost to Angelo Garlow the week before, Beyers was given the decision last Friday. The fight was close and there was doubt in the minds of the spectators as to who was winner. Beyers rather dodged his opponent and wouldn't "come in and fight" as Garlow apparently wished. Beyers landed several whopping blows from long range and these won for him the fight. Garlow was more aggressive than his opponent.

Don Conn was winner in a close battle with Johnny Hughes week ago last Friday, but last week the tables were turned. Hughes was winner and the contest was as close as the previous time. Conn was easily winner in the first round, landing some pretty solid punches. The second round was even, but in the last period Conn took quite a bit of punishment.

Juhrend Gives Surprise

Bobby Juhrend, Golden Gloves winner, defeated Leo Leggette. The victory was somewhat unexpected and Juhrend was far more aggressive than usual.

Charley Zahnale lost a heartbreaking to Harry Leggette in four rounds of fast battling. Zahnale fought a good battle and showed a willingness to mix. At close quarters, however, Harry scored solid on body punches. Zahnale landed a number of blows from close range and the boys won a number of cheers by their willingness for exchanges. If Zahnale had used his right uppercut, he would probably have won the decision.

Ted Berg, English welter champion, was defeated in a hard battle with Ernie Crochelle. Crochelle was substituting for Fred Lang, Kenosha.

Although not the cleverest boxer in the world, Crochelle showed a willingness to fight and was continually trying for sleep-producer. Berg scored with clean lefts and rights in the first round; the second was even; the third round went to Crochelle.

Young Mullins won a brisk three rounder from Leo Schneider in the opener. Schneider, who was evidently guarding a fractured rib, fought cautiously rather than his usual aggressive fashion.

The third round was brisk however, and Mullins scored with head punches.

CHRISTIAN SCIENCE CHURCHES

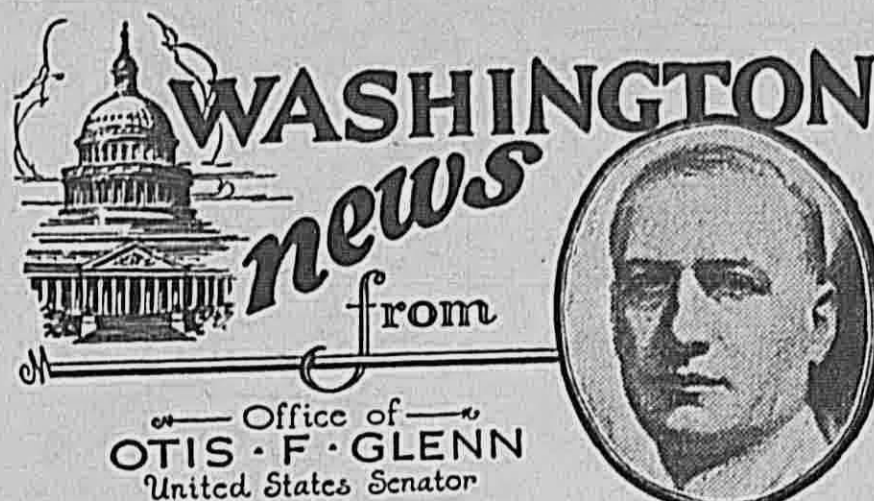

"Doctrine of Atonement" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, April 21.

The Golden Text was, "Walk in love, as Christ also hath loved us, and hath given himself for us an offering and a sacrifice to God for a sweet-smelling savour" (Ephesians 5:2).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Therefore if any man be in Christ, he is a new creature; old things are passed away; behold, all things are become new" (II Cor. 5:17).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "He to whom 'the arm of the Lord' is revealed will believe our report, and rise into newness of life with regeneration. This is having part in the atonement; this is the understanding, in which Jesus suffered and triumphed" (p. 24).

The Redskin, May 1 and 2.

Office of
OTIS F. GLENN
United States Senator

Washington, D. C. April 25—This is an announcement of my purpose to issue a series of articles to my friends in my own state, describing events from a legislative point of view as they take place in the Senate of the United States.

When Napoleon stood with his men under the shadow of the great Pyramids on the plain by Cairo, it is written that he said: "Forty centuries look down on you men!" We have no such length of service upon which to look, but it is hoped that these columns may be helpful.

At this time it is impossible to predict the length of this session, but it is well known that legislators have found themselves hard at work during the heat of a Washington summer. The administration has, however, expressed the hope that Congress may finish the job for which it was called into being as quickly as possible so that benefits may be sooner inured to the channels where benefits may be applied.

Dawes Confirmed as Envoy

Within a few minutes after President Hoover forwarded the nomination of Charles G. Dawes, former Vice President, to be Ambassador to England, the Senate confirmed it without a roll call. Mr. Dawes' name headed the list of the first group of nominations sent to the Senate Tuesday by the President. Thus Illinois is honored with another appointment.

More than 600 bills were introduced in the House of Representatives the first day of the special session. The Farm Relief measure was number 1.

An analysis of statistics of immigration for February by the Bureau of Immigration, Department of Labor, shows a decrease in the number of aliens arriving and departing as compared with the preceding month. The full text of the statement follows:

During February 17,254 immigrants and 10,608 non-immigrants, a total of 27,862 aliens, were admitted. Alien departures for the month numbered 14,512, including 4,154 immigrants and 10,358 non-immigrants. A total of 32,347 United States citizens left the country during the month and 33,216 returned.

Covered Wagon

(This imaginative story, true in its background, tells of the hardships and enjoyments the westward pioneer encountered in the settlement of the Northwest Territory.)

It was written by Bernice Jensen in connection with seventh grade history work of westward expansion.—D. Patterson, teacher.)

The Story

The small lad sat on his grandfather's knee and listened attentively to the tale of long ago.

"My father had just returned from a journey to the lands beyond the Allegheny mountains, where he had secured one hundred sixty acres of land in Illinois for two dollars per acre; he paid eighty dollars down and had to pay the remaining two hundred forty dollars in four years. This land was very fertile and full of forest. Dad said we had to get ready at once or it would be too late to go that spring. We were both glad and sorry for there were hard times where we were and there would be hard times there.

"I will tell you a little about our family. There was mother, father, Silas ten years, Reuben five years, Martha three years, Ruth three months, Mary thirteen years, and myself, Abraham Robinson, fifteen years. We lived in New York on a small farm then.

"The next day we were up at sunrise for there was lots of work to be done. Father and we boys made the

So the People May Know

that you are in business, come in and let us show what we can do for you in the way of attractive cards and letterheads. Good printing of all kinds is our specialty and if we cannot satisfy you we don't want your business.

That's Fair,
Isn't It?

KNOT HOLE NEWS

Vol. II Thursday, April 25, 1929 No. 16

Published in the interest of the people of Antioch and vicinity by H. R. Adams Lumber Co. H. R. Adams, Editor Rex Bonser, Mgr.

It is almost the first of May, and as spring makes us feel quite poetic, we shall give you a sample of our poetry:

"Pray let me kiss your hand," said he, With burning looks of love. "I can remove my veil," said she, "Much easier than my glove."

Teacher: Who invented the cotton gin?
Student: Good Lord, are they making it out of that now?

English as she is Spoke.

A Chinese newspaper published this letter from an applicant for work: "Sir, I am Wang—I can drive a type-writer with good noise, and my English is great. My last job has left itself from me, for

HOMER WINCH TAKES CHARGE OF PAVILION

Succeeds Father As Head of Channel Lake Pavilion Association.

Succeeding his father, W. O. Winch, who died two weeks ago, Homer Winch, Channel Lake, was elected president of the Channel Lake Pavilion corporation at a meeting of stockholders and directors this week.

Mr. Winch was associated with his

honor came to see us off wishing us good luck. We were soon far from civilization it seemed for the first evening camp was made we had a supper of wild duck, potatoes, and Johnny cake. Everybody went to bed early, the men and boys rolled up in blankets near the camp fire while one stood guard. The cattle were turned leader's neck so we could find them. Such was the journey West. Sometimes fires could not be built because of the Indians. At one time the Indians did attack us and I was wounded.

"At Wheeling, Pa., the men built flat boats thirty to forty feet long and ten or twelve feet wide. The entire boat was covered with a rude roof. The people and animals stayed under the roof. This journey was much worse than the one in the wagon. Although it was very cold sometimes fires could not be built because of constant fear of the Indians.

"At last we came to the place we were to call home. It seemed so strange everything was covered with bushes and trees. There was a beautiful sparkling stream running through the land. Dad had I built a half-faced camp by placing logs one upon the other horizontally leaving the one side open, in case of rain a deer skin was hung in the doorway. Here we lived until dad and the boys cleared a space and had enough logs to build a cabin.

"There were many kinds of trees on our land some of them were balsam, fir, birch, hickory, maple, chestnut, beech, walnut and tulip trees. These were very thick and there was much under brush, too. It was decided to build the cabin on one side of the land. Dad and we boys worked hard for several weeks often encountering wild animals which were killed so that meat was plentiful.

(To Be Continued Next Week)

"In a few weeks the clearing was made and the logs ready so the cabin could be built. There was a great deal of fun for the neighbors came to help. Our's was made of logs smoothed on four sides and notched through on the fourth side. Saplings laid made up the rafters and planks laid clasp board fashion formed the roof. A door was planks with leather hinges. Our window was covered with oiled paper. The floor was of puncheons and a large chimney lined with stones completed the cabin.

"After the cabin was finished there was a great deal of fun, as shooting matches, wrestling, telling stories, and singing about a camp fire. The cattle were then transferred into the half-faced camp for shelter.

The Redskin, May 1 and 2.

father for several years and knows the business thoroughly. He is a year around resident at the lake. During the winter he has been a rural mail-carrier from Antioch this winter. The Channel Lake Pavilion's opening night will be Wednesday, May 29, when the Douglas Pappard musicians will furnish dance music. There will also be dances June 1, 8, 15, and 22, and after June 25 there will be dancing nightly until the close of the resort season in September.

Changes Location

During the next week, T. A. Fawcett, tailor, will move his business establishment from the present location on Lake street near the Antioch theatre, to the Brogan building in the rooms formerly occupied by the Fannie May Candy shop. Mr. Fawcett will continue in the same line of work as previously—tailoring, cleaning, and pressing.

"WELCOME CHANCE TO ENDORSE THIS FAMOUS KONJOLA

Young Man, Freed From Stomach Trouble and Neuritis, Enthusiastic Over New Compound.

MR. CHARLES L. BEST

"I shall never overlook the opportunity to recommend Konjola after the change it has made in me," said Mr. Charles L. Best, of Little York, near Monmouth.

"I had stomach trouble so badly that I was told that an operation was the only hope. This condition I suffered for more than six years. My digestion was completely wrecked. Gas and bloating followed every meal, regardless of how little I ate.

"Facing the possibilities of that operation, I decided to see if Konjola could help me. It required just eight bottles to do away with the stomach trouble and escape that operation. I am taking on weight and strength rapidly. I feel that it is my duty to recommend this medicine, not only as a remedy for the stomach, but as a system builder and general tonic. It certainly did wonders for me."

Konjola is sold in Antioch at S. H. Reeves' drug store and by all the best druggists in all towns throughout this entire section.

The Redskin, May 1 and 2.

MAN THREATENS LIFE OF ANTIOCH CITIZEN; JAILED

Threatening to take the life of Peter Tuft and tormenting school children, a man who was unable to give his name or address was placed in the Antioch village jail by S. M. Tarbell, justice of the peace, this morning. The man appears to be 40 years of age and suffering from some mental ailment. Officers from the office of Sheriff L. A. Doolittle, Waukegan, took the man to the county jail this afternoon.

FORMER ANTIOCH WOMAN IS SINGER IN WJJD OPERA

"Frithiof," a Norse legend by the Swedish poet, Esaias Tegner, was radiocast from station WJJD yesterday afternoon. Mrs. Louise Gilbert Carroll arranged the opera and was one of the participating artists. Mrs. Carroll is the daughter of Mr. and Mrs. J. C. James, Antioch, and has often sung in Antioch.

One Answers Other

Scientists are wondering about the age of the earth, while an author wonders why it often is referred to as "she." One question should answer the other.—Connell Bluffs Nonparell.

The Redskin, May 1 and 2.

ARE YOU A BOOSTER?

Probably a million persons have an intimate knowledge of the Chain O' Lakes. Fifty to seventy-five thousand of these persons visit the region each year to enjoy its vacation pleasures, but the percentage of vacation business from these million humans runs about true to the law of average. It is folly to think that new business can be created without telling the other five million in metro-land (the area about Chicago) of the Chain O' Lakes. This is also true of the other millions in Illinois, Indiana and Wisconsin. To get the story of this region before the millions of prospective visitors who seek the very things that the Chain O' Lakes has to offer, is the purpose of the gigantic publicity program that has been inaugurated.

Who Gets the Money?

Really programs are advanced as newcomers arrive in the community. Every merchant, whether he operates a pop stand or a large department store, will get his share of business as the result of the great publicity program, for where there are people there is business. But who is bearing the expense for the publicity? The Boosters, of course, as is always the case in projects of this kind. Everyone SHOULD help bear the costs since everyone is benefitted. There are always shirkers, however.

Expenses include the renting of a booth at the Outing and Recreation show in the Chicago Coliseum May 6 to 11 and the distribution of from 10,000 to 70,000 folders advertising the entire Chain O' Lakes.

There are those persons who will share in the increase of business and yet who will refuse to contribute toward the Booster Fund—the fund which has made this great program possible.

Can you name the Boosters in your community? If so, the others classify themselves.

OUR TOURIST TRADE

With the statement that what France wants from the United States is more tourists and less advice, Minott Saunders, American correspondent in Paris, points out the importance to Europe of the American tourist trade, an item which we are apt to overlook in figuring up the balance of trade between the United States and the rest of the world.

The writer points out that before the World War tourists spent about \$100,000,000 a year in Europe. Now it is estimated that they let go of almost \$350,000,000 of American money in Europe each year. This does not include amounts spent on foreign ships.

The French say that they have been losing out on the tourist trade for the past few years and that Americans are going in increasing numbers to Italy, Switzerland and Germany, instead of spending most of their time and money in Paris as formerly. This situation is regarded as so serious that the French are figuring on a general scheme of advertising and tourist propaganda to attract this business back to France.

All of which is very interesting in that it points out how important American visitors are to European prosperity. Now the free traders are always telling us that we cannot expect our foreign trade to prosper unless we spend just as much money in Europe, or more, than Europe spends with us. In order to impress us with this fact they quote figures showing that we are selling more to this or that country in Europe than we are buying from it. Therefore they say, we are draining the European nation of its gold and it must soon quit buying from us.

But somehow or other it doesn't seem to work out as the free traders it will. One reason why it doesn't work out is the tourist trade mentioned above. If American tourists spend a billion a year in Europe, and are increasing that amount each year, it must be admitted that the sum is a sizeable one, and does some good in restoring the balance of gold. Of course there are other factors which refute the contentions of the anti-tariff man, one of which is that foreign trade is not a matter of trade between two nations entirely. For instance we might sell more in Europe than we buy and make this up by purchasing more than we sell in India, Europe getting even in international trade by boosting its business with the Asiatics.

Tariff schedules are to be revised in the coming session of Congress, especially in the interest of the farmer. The cry will be heard that we are destroying our foreign trade because we sell more than we buy in certain foreign countries. When this argument is put up to you just think of the big sum spent each year in Europe by American tourists, and think, too, of the millions spent each year by American tourists in Canada. There is one item not to be overlooked in our trade relations with our neighbor to the north of us.

We don't know of anything harder for a minister to compete with on a bright Sunday morning than a pink and white baby gurgling and cooing in the back pew.

The women used to wear hobble skirts so tight around the ankles they could hardly step. Now they wear 'em so tight around the hips they can hardly sit.

It is hard to tell a daughter from her mother or grandmother nowadays, but father can still be distinguished from his son by his bald head.

Who remembers the good old days when the dapper bartender with the waxed black moustache, the red necktie and horseshoe pin was regarded as the last word in masculine splendor?

Nowadays when the girls wear short hair, long hair and twelve inch hair, isn't it about time the Radio Commission takes some action regulating feminine wave lengths?

One way to flatter some middle aged girls is to tell them they look like Clara Bow.

A lot of politicians say that they are in favor of putting teeth in the law but what they really mean is false teeth.

The season for the annual crop of daylight savings regulations is at hand. Most people who favor daylight saving, waste it anyhow.

Alfalfa Dairy Tour

Friday June 7 is the date set for the alfalfa tour, at which time Professors C. S. Rhodes, J. C. Hackleman and C. M. Lindsley, of the University Extension course, will be in Grayslake. Several alfalfa fields will be visited, a picnic lunch enjoyed at noon, and in the afternoon talks on alfalfa feeding and culture will be given.

Stop the DEATH OF BABY CHICKS

Most of these deaths can be prevented

More than one half of the baby chicks hatched this year will die before maturity because of various diseases. You can help prevent this frightful loss in your chicks by feeding INTERNATIONAL Health Chick Mash.

Besides containing nutrients necessary to life and growth, INTERNATIONAL Health Mash contains WOOF. WOOF chases away disease, keeps your chicks vigorous and thrifty. Restores vitality. Strengthens sickly chicks. Keeps them coming in fine condition.

Poultry Book

Given Free

Written for poultry raisers by a practical, experienced poultryman. It will help you make more money on your poultry. Ask for your copy.

WOOF
WOOF is the result of years of experiment to improve poultry feeds so they will build healthier chicks and cut down the terrible yearly loss. WOOF is a combination of 2% digestive stimulants which, added to a properly blended mash, greatly increase the value of the feed because WOOF aids digestion and assimilation. This combination of digestive stimulants is called WOOF so you can identify it. Ask for the International Health Mash with WOOF. Get a trial order of International Health Chick Mash and let the results prove its value. We guarantee better results at lower cost.

INTERNATIONAL Health Chick Mash
contains the following ingredients: Nutrients—pure corn meal, pure wheat flour middlings, oat groats finely ground, old process linseed oil meal, alfalfa meal, triple ground, dried buttermilk, sifted meat scrap, pure raw bone meal; salt; and 2% of Health Ingredients (WOOF), consisting of GENTIAN, EPSOM SALT, IRON OXIDE, SODA, HYPOPHOSPHITE, COPPERAS, CAYENNE, AFRICAN GINGER AND IODINE MIXTURE. NOTE: This is an all-mash ration, prepared with or without cod liver oil. No other chick grains need be fed.

Other International Health Poultry Mashos:
INTERNATIONAL HEALTH Growing Mash (feed from eight weeks to laying age);
INTERNATIONAL HEALTH Egg Mash (feed for maximum egg production);
INTERNATIONAL HEALTH Poultry Fattener (feed to fatten poultry for market.)

WILMOT HIGH SCHOOL PLAYS WILLIAMS BAY FRIDAY OF THIS WEEK

Union Free High School

The Wilmot High school basketball team lost the opening game of the season with the Genoa City High school Wednesday, 14-8. Although the Wilmot team obtained a five-run lead in the first inning on two hits and three errors, their own ragged fielding led to the defeat.

Bloss pitched his first game of baseball for Wilmot, striking out seven men, allowing eight hits and walking three men. Pagel and Toyn-ton, Genoa City, struck out 12 men and allowed six walks and seven hits. Pagel of Genoa City was the out-standing batter in the game with four singles in four trips to the plate. For Wilmot, Buffon added two singles to those of Lake, Mad-den, Bernhoff and Dix, while Schreck made the only extra base hit of the game, a two-bagger in the first inning.

The game with Mukwonago was cancelled Friday due to the heavy rain. The game was played at Mukwonago yesterday. Friday Wilmot will play Williams Bay on the Silver Lake diamond.

Prom Is Tenth

The annual junior prom will be held in the gymnasium of the high school Friday evening, May 10. The music will be furnished by the Rhythm Aces of Burlington. The students in charge of the various parts of the prom are: Invitations, Iola Harm; music, Irene Haase; refreshments, Myrtle Davis; decorations, John Freeman, Adolph Flegel, Erwin Raasch and Frederick Gilmore. Mr. Welgel is acting as faculty advisor.

The assembly of this week will be devoted to the presentation of letters to the students who have played in the required number of basketball games. At the same time a picture of the basketball team and of Captain Winsor Madden will be added to the pictures of the school.

Wilmot Briefs

Mr. and Mrs. George Faulkner entertained Mrs. Henry Lubeno, Trevor, Saturday. Sunday Mr. and Mrs. R. J. Dolan and daughters, Kenosha, and over the end of the week Mr. and Mrs. David Kimball from Orlando, Florida, were guests at the Faulkner home.

Mrs. John Collison and children, Frances and Frederick, Richmond, and Paul Volbrecht, Antioch, were guests Sunday of Mr. and Mrs. W. Volbrecht.

Mr. and Mrs. W. Macher and daughter, Mrs. Lulu Murphy and Mr. Guthrie, all of Kenosha, called at the Moran and Carey homes Sunday.

Mrs. S. Winchell, Kenosha, a former resident of Wilmot, has been a patient at the Kenosha hospital recently.

Mr. and Mrs. John Gauger and daughter entertained Mr. and Mrs. Charles Carlson, Chicago, Mr. and Mrs. E. Hoellgen and Mrs. Kapzen-berg, Burlington, Mrs. Karonice, Williams Bay and William Albrecht and August Holdorf, Wilmot, Sunday.

A. C. Stoxen and daughter, Ruth, were in Sharon Sunday at the home of Mr. and Mrs. L. Weaver.

Mr. and Mrs. Floyd Stoxen were guests Sunday of Mr. and Mrs. Ralph Stoxen, Woodstock.

Mrs. Fred Pella has been ill the last week. Mr. and Mrs. O. Luedtke and children, Kenosha, spent Sunday at Pella's.

Mr. and Mrs. George Adams and children, Ringwood, were visitors Sunday at the home of Mr. and Mrs. John Nett.

Mr. and Mrs. Eugene McDougall have had as their guest the last week

Mary Cole, Crystal Lake, and over the end of the week and on Sunday Mrs. Edith Thompson, Spring Grove, Dr. and Mrs. Blakeman and children, Chicago, and Mr. Ewing, Crystal Lake.

Harry McDougall made a trip to Chicago Monday with stock.

Mr. and Mrs. Frank Kruckman and son, Dale, were in Libertyville with relatives Sunday.

George Dean has returned to Wilmot after several months' absence shearing sheep. Sunday Mr. Dean spent in Antioch with Mrs. Dean whose condition of health is greatly improved.

Mr. and Mrs. Alfred Reynolds were in Kenosha Sunday with Mr. and Mrs. W. Peterson. Mrs. Reynolds remained for two weeks to be with Mrs. Peterson as Marjorie Peterson underwent a surgical operation for the removal of the appendix in the Kenosha hospital Sunday.

Mrs. R. Schenning and children, Burlington, were in Wilmot Friday with Mr. and Mrs. John Nett.

Natalie and Arthur Stoxen, Wauconda, and Mr. and Mrs. Ray Stoxen and children attended a birthday dinner for Stanley Stoxen, Bassetts, Sunday.

Mr. and Mrs. J. Burke, Chicago, are guests of Mr. and Mrs. Otto Allen this week.

There will be English services at the Lutheran church Sunday at 10 o'clock.

Mr. and Mrs. Ray Buffon entertained Sunday for Mr. and Mrs. Roy Buffon and family, Silverlake.

The birthday dinner-program of the M. E. Ladies' Aid was held in the church Thursday afternoon. A program of readings by Mrs. Burroughs, Mrs. H. McDougall; solos by Mrs. A. Panknin; an organ solo by Mrs. A. C. Monkman and a community singing directed by Mrs. A. Panknin preceded the dinner. The church and tables were decorated with spring flowers.

Pirates Are Winners

The Wilmot Pirate Baseball team defeated Ringwood 6-3 in Ringwood Sunday afternoon. Shubert Frank pitched and allowed three hits in five innings. Elmer Getka finished the game and allowed five hits during the remaining innings. Shubert Frank, McDougall, Toots Elbert and Swede Frank were the leading hitters of the day with two hits each. The locals collected nine hits off Ringwood's speedy ball artist, Hawley. Next Sunday Johnsburg comes to Wilmot for the first of a series of games with that club. Johnsburg defeated the Wilmot team 3-2 in a 10 inning game the last game of the schedule last summer. Sunday's game promises to be one of the biggest games of the season.

To Visit Lake County

Professor W. J. Fraser's class in economic milk production from the University of Illinois is making a tour of Lake county Friday, April 26, visiting several dairies, and investigating the cost of production, methods of feeding, and so forth.

DO YOU KNOW?

Do you know that thousands of dollars of damage has been done in the U. S. in the past 30 days by wind and cyclone and it may hit us? Have you wind storm insurance? Only costs you \$4 per \$1000 for three years. J. C. JAMES, Agent.

Presidential Anger

"Even President Washington was said to have sometimes dashed his hat upon the ground, and the second President was famous for his gusts of temper," according to Henry Adams in his History of the United States. He then quotes as follows from one of Jefferson's letters: "I have heard, indeed, that my predecessor (John Adams) sometimes decided things against his council by dashing and trampling his wig on the floor."

Scaling Down the Overhead

It used to be said that whenever a Scotsman got to London he never went back home—except to fetch his brother. That notion is out of date, according to Lord Dewar, who remarked recently, "There are not nearly so many Scotsmen traveling down to London as there used to be. They get born in London nowadays to save the fare."

More of It

A Frenchman, being troubled with gout, was asked what difference there was between that and rheumatism. "One very great difference," replied the monsieur. "Suppose you take a vice, put your finger in, you turn the screw till you can hear him no longer. Zai is rheumatism. Zen s'pose you give him one turn more. Zai is gout!"

Ladies Flatfooted

Flatfoot is more common among women than men, according to the American Magazine. The reason, according to a medical expert, is that women toe out more both in walking and standing. The persistent practice of toeing in, standing and walking in dlan fashion, will do much to prevent flat feet.

Miscellaneous

PIANO TUNING, REGULATING and REPAIRING—All work guaranteed. Address or call Stanley Szydlowski, Burlington, Wis. Phone 134-J or Antioch 215. (t)

Girls Hold First Annual Banquet In High School

(Continued from first page)

but the future must be kept in mind, for girls of today become the mothers of tomorrow. Athletic interests keep girls and women from pettishness—make them larger in thought, word, and deed."

In conclusion Miss Miller stressed the value of "playing the game"—not for fame or name but for the value derived.

Poems Are Read

Miss Miller also acted as toast-mistress. A representative from each class responded. Christene Ulmann, president of the association, expressed appreciation of co-operation during the year. Martha Westlake as senior representative gave her toast in the form of an original poem, as did Ruth Nixon, freshman representative, and Fannie Westlake for the sophomores. Lilah Hawkins, in speaking for the juniors, spoke of plans for next year and stressed the value of athletics when playing for the love of the game—not merely to win.

Patricia Kennedy sang "Gypsy Maiden I," and as an encore, "Precious Little Thing Called Love." Mildred Robinson and Olive Hanson played "In Lilac Time" as a piano duet, and "The Country Band" as an encore.

The banquet tables were arranged in horseshoe shape. The centers of the tables were festooned with cardinal and gray streamers, and many lighted candles were in evidence. The piano was banked with ferns.

Following the dinner there was dancing in the gymnasium. Bow's orchestra, a high school organization, furnished music.

Sparrows and Robins

The birds most abundant in the United States are the robin and the English sparrow.

ANTIOCH BOYS SING AT FAIR SATURDAY IN GURNEE SCHOOL

(Continued from first page)

the school accompanied by the band. Miss Edith Becker and Miss Catherine Cahill of the Hawthorn school brought a group of the older pupils for a minstrel show. The group sang well and the leader and several of the members got away with some excellent jokes which were well received by the audience.

In the afternoon the Sue Hastings Marionettes of New York appeared first on the program. Eugene Laurant, The Man of Many Mysteries, concluded the program. Probably it has never been the good fortune of those in charge to present such a high class entertainment for children at one of the fairs.

Local Boys Sing

Between the acts of the afternoon program the boys of the upper grades of the Antioch school under the direction of Miss Dorothy Patterson sang several numbers, and a group of boys and girls from the Mundelein school gave a short musical program.

The general comment of the parents who attended was that they had never seen a large gathering of boys and girls who conducted themselves during the day and the program with more judicious behavior.

The judges of the exhibits were Principals Belle Hughes of North and W. A. Thomas of Highwood.

First

Winthrop Harbor school, Miss Laura Hahn, teacher; Gavin school, W. A. Miller, teacher; Lone Oak school, Miss Katherine Cashmore, teacher; Dound Lake school, Ellis Slickemeyer, teacher; Druce-Lake school, Miss Margaret Powers, teacher; Gurnee school, Hubert Schmidt, teacher; Fox Lake school, Miss Ella Dohrnt, teacher; White school, Miss Pearl Benson, teacher; Diamond Lake school, Mrs. Leila Faulkner, teacher; and Half Day, Richard Whitacrem, teacher.

Second

Ivanhoe school, Mrs. Ellen Traut, teacher; Spaulding Corner school, W. C. McKenzie, teacher; Stafford school, Miss Eva Lewin, teacher; Millburn school, Miss Madalyn Sheehan, teacher; Bonnie Brook school, Stanley Cook, teacher; Maple Grove school, Miss Amber Grabbie, teacher; Ridge school, Miss Nancy Wright, teacher; Wauconda school, Teddy Sims, teacher; Wilmet school, Mrs. Beatrice Meyer, teacher; Fremont Center school, Miss Elizabeth Lawler, teacher; Browe school, Miss Margaret Clark, teacher; Big Hollow school, Miss Mildred Radke, teacher; Lake Zurich school, Mrs. Almira Heybeck, teacher; Lake Villa school, E. M. Beckwith, teacher; Slocum Lake school, Miss Anita Baseley, teacher; Grayslake school, M. G. Batho, teacher; and Wright school, Miss Julia Running, teacher.

Third

Pomeroy school, Miss Orpha Russell, teacher; Wilson school, Miss Dorothy Jones, teacher; Brick school, Miss Marie Shippert, teacher; Roseville school, Miss Georgia Vasey, teacher; Stearns school, Miss Mary McCann, teacher; Cedar Lake school, Miss Pansy Russell, teacher; Glynn school, Miss Lois Gilbert, teacher; Aptakisic school, Miss Anna Lindstrom, teacher; Oak Grove school, Ralph Clabaugh, teacher; Honey Lake school, Miss Alberta Welch, teacher; Hickory school, Miss Anna Drom, teacher; North Prairie school, Haldon Foltz, teacher; Vasey school, Miss Elsie Regner, teacher; Beach school, Miss Grace Nettlesham, teacher; and Woodlawn school, Miss Bertha Barkley, teacher.

The judges awarded the sweepstakes to these schools: first—Winthrop Harbor school, a projected illustrating the Byrd Polar Expedition; second—Gavin school, A Japanese Garden, and third—Lone Oak school, A Scene on the Nile.

TEAM CANDIDATES WANTED TO MEET AT BALL PARK

Prospects of another Lake County Baseball league are being considered, but no definite plans have been made. Antioch players will have a team, never-the-less. Candidates are asked to report at the ball park Sunday afternoon. A meeting will be held Monday night.

THANK YOU

I wish to thank the ladies and the gentlemen for voting for me for trustee April 16, 1929, and I hope my work on the board will please you.

H. P. LOWRY.

SCOUT SQUIBS

Do A Good Turn Daily Be Prepared

Officers are working to build up Troop 62 Boy Scout of America. The Rev. A. M. Kralh has been serving as scoutmaster. Junior assistant scoutmaster is Robert Alvers and senior patrol leader is Harold Hoffman. Patrol leaders are: Robert King, Panther patrol; John Brogan, Silver Fox; Dan Williams, Lion patrol. Dan Williams is scribe, Leonard Kralh, treasurer, and Robert King, bugler.

Members of the troop are: Clayton Bartlett, John Brogan, Lester Chinn, Franklin Crandall, Armand Dalgard, William Duffy, John Dupre, Billy Gray, Kenneth Hills, Harold Hoffman, Robert King, John Koukol, Leonard Kralh, Frank Merrill, Frederick Peterson, Jack Panowski, Albert Vykruta, Frank Walsh, Billy Wetzel, Jack Wetzel, and Dan Williams.

MONEY THAT IS SPENT FOR TOOLS OF FARMER REPAYS 100 PER CENT

Urbana, April 25—Twelve dollars spent for the right tools will return 100 per cent or more on the original investment during a year's time on any farm, due to the actual saving of time, to say nothing of the losses incurred because of delayed planting, harvesting or the major breakdowns which may occur when machinery is operated after it needs minor repairs. This is the estimate of D. A. Milligan, of the farm mechanics department, College of Agriculture, University of Illinois.

Lost Time Counts

"The average breakdown in the field will waste two hours or more of time. Invariably, a breakdown slows up the operation of other units in the field and this adds to the total time lost. Five hours lost with a four-horse team or four hours lost with a tractor, the operator's time being counted in each case, will buy all the tools needed on any farm for farm machinery and tractor repairs. The same is true of a loss of 13 man hours. Proper tools will save more time than this on any farm, by saving time in doing repair work and by eliminating breakdowns in the field.

"Twelve dollars will buy a metal tool kit, ten doublers-end wrenches from 1/4 to 1 1/2 inches, a 6- and 10-inch crescent wrench, a pair of pliers, screw driver, cold chisel, hack saw, ball peen hammer, punches, files and a socket wrench set, consisting of a ratchet, long and short extension bars, long and short speeders, universal angle handle and 19 hexagon socket wrenches from 5-16 to 1 1/2 inches.

Kit Is Handy.

"The most important item in this set is the metal tool kit. This kit should contain a removable tray in which should be carried a small assortment of nuts, bolts, cotter keys and washers. All the tools, with the exception of the socket wrench set, should be carried to the field where they will be available when needed. A definite place for each tool in the box will make it possible to locate each at a glance."

To Have Meeting

Annual meeting of the Antioch Hillside Cemetery association is to be held in the State Bank of Antioch Monday night, April 29, at 7 o'clock.

FORMER LEGION HEAD BOOSTS CHAIN O' LAKES

(Continued from first page)

Metropolitan offering direct service to Chicago from Antioch and Lake Villa, which are also served by the Soo Line, the region will have during the resort season the best transportation facilities in its history.

Publicity Committees Start It

It's no secret that the inauguration of the better transportation service is one of the direct results of Chain O' Lakes expansion idea conceived by the publicity committees of the Antioch Business club and the Fox Lake Chamber of Commerce. Quick to recognize the possibilities of a mammoth resort season in the outlying country of beautiful northern Illinois, Chicago's great utilities companies have fallen in line on more than a fifty-fifty basis to assist those who show a disposition to help themselves in putting across a mammoth project—the lake country's greatest publicity program. The whole region, every business firm, will profit, hotels and resorts will prosper, merchandising will flourish and property values will be enhanced, yet the problem of financing the great program is going to be left to the few live spirits, as is usual, and the non-contributors are expecting to ride to their share of the prosperity on a free ticket. The program which includes an exhibit at the outdoor show at the Coliseum the week of May 6-11, also an exhibit at the Outing and Recreation bureau for two weeks, and the printing of thousands of folders advertising the region, will cost well over three thousand dollars. When the committee call upon you, not for a charitable donation, but to offer you an opportunity to invest toward your own prosperity, it's your chance to identify yourself as a booster.

Gangway for the Big Show!

In connection with the Outdoor Show at the Coliseum, Mr. Savage has put at the disposal of the publicity committees of the Fox Lake Lake Chamber of Commerce and Antioch Business club, a parlor coach to take boosters to the show free of charge and return them to their homes. According to committee plans, it is proposed to have a night for Fox Lake, Antioch and Lake Villa when the boosters of these towns will go down and take charge of the boosting at the Chain O' Lakes booth at the big outdoor show.

The Redskin, May 1 and 2.

Help in Small Matters

There is nothing so small but that we may honor God by asking His guidance of it, or insult Him by taking it into our own hands; and what is true of the Deity is equally true of His revelation. Ruskin
